Hindi

## PROFILE

An aspiring web developer with a passion for learning and creating dynamic user interfaces using React.js. Seeking an internship opportunity to enhance my skills in web development and gain practical experience. Additionally, I am keen on expanding my expertise to include the MERN stack and full stack.

## EDUCATION

### B.E. in Information Technology, 6th sem, Nepal College of Information Technology- Pokhara University

Balkumari,  
Lalitpur

2021 — Present

### +2 in Science (PCM Major),- Trinity International College

Dillibazar,  
Kathmandu

2018 — 2020

## Projects

### Personal Portfolio Website

- Built a portfolio website using HTML, CSS, and JavaScript.
- Ensured mobile responsiveness for various devices.

### Movie Search Website

- Developed a movie search website using React.js and OMDb API to fetch movie data.
- Implemented search functionality and displayed results dynamically.

### Personalized News Recommendation System (In Progress)

- Currently working on a personalized news recommendation system frontend using React.js.
- Utilizing machine learning techniques to recommend news articles based on user preferences.

### Other Small Projects

- Implemented various small JavaScript and React.js conceptual projects.

## Learning & Engagement

- Self-taught through academic coursework, online free courses, and YouTube tutorials in web development technologies.
- Member of the Nepal Open Source Klub at NCIT, participated in coding challenges and hackathons.

## Additional Information

I am eager to learn and adapt to new technologies required for the job, demonstrating my flexibility and commitment to gaining valuable work experience.
